

B60NX/B70NX/B80NX

# **NX-SERIES FORKLIFTS**

Electric 6.0 to 8.0 ton capacity

Doosan has expanded its high-capacity electric forklift range with the B6oNX Series.

By focusing on single shifts and applications with lower energy demand, we developed a truck with all the necessities and comfort you need but at a competitive price.

## You don't need to spend big to get the job done.

This 80-volt dual drive forklift is available with capacities from 6 up to 8 tonnes on a load center of 600 millimeters.

You get the most comfortable and safe working environment with zero emissions and a low noise level. In addition, the trucks are easy to access, have good visibility, and are easy to drive.

Why a Doosan electric forklift is the right fit for your industry?

- Low noise level
- Environment friendly / zero emission
- Reduced total cost of ownership (TCO)

## **Performance & General info**

## Good visibilty through roof

Keep a good view of your load thanks to the great visibility through the roof of the operator compartment.

### Oiled cooled disc brakes

Oil cooled disc brakes have a 5 times longer service interval than conventional shoe brakes, and are virtually maintenance free.

## 360 ° visibility

360 degrees visibility thanks to the large glass around the operator. The high visibility makes driving a forklift with a load safer and contributes to even better productivity and driving experience.

#### Dual drive motor

The 8oV electronic management of bi-traction motors, lifting motor, pump and steering, give you the performance you need during your shift.

## **Optimal Ergonomics**

#### **OPTION** MP3 radio player

Radio with built-in mp3 player is optionally available.

#### Adjustable column

Steering column is adjustable in vertical and horizontal direction according to the drivers preference and comfort.

#### **Spacious operator** leg room

The thick and large rubber floor mat, rounded hood and spacious legroom offer great comfort to the operator.

#### **Premium Grammar**

The full suspension (air suspension: optional) comfort seat is fully adjustable to

#### **OPTION** Fingertip Console

2-axis cross lever or ergonomic fingertips available. It ensures accurate control and low fatigue during a long shift.

#### **USB** socket

USB socket available as standard.

accommodate all individual preferences

### Extra Front LED lights OPTION

Brighter and last longer than traditional sealed beams or halogen lights.

#### Strobe and blue safety lights

Increased safety for the workplace with maximum visibility. (safety lights are optional)

**Panoramic mirror** 

Keep an eye on what's going on around you thanks to the panoramic mirror and increase safety in the workplace.

Electric parking brake

The parking brake can be engaged with a switch or automatically activated.

Rear view camera **OPTION** 

Workplace safety is ensured by maximizing rear visibility.

#### Large entry step with anti-slip pattern

Low height of the 1st and 2nd steps to allow the operator to get on and off the truck easily and safer. Multiple entry grab bars are equipped to ensure a 3 points entry.

Weight scale **OPTION** 

With the optional weight scale you won't have a chance to overload your forklift avoiding dangerous circumstances

Auto tilt OPTION

By pressing on the auto tilt button, the mast will automatically move to an upward position.

## **Excellent reliability**

Easy access controller

The IP65 rated controller is very reliable, well proven in tough applications and easily accessible.

66 **Doosan** makes your job easier, and enables you to save your costs and time "

Thanks to detachable backplate, the battery change for multiple shifts is handier.

## **Great Serviceability**

#### Worldwide service network

Head quarter

Overseas offices and service centers

Doosan provides high-quality support, relying on its extensive dealer network. No matter where you are located, highly-skilled professionals are always ready to help you, guaranteeing maximum uptime. 14

# **Standard Features and Optional Extras**

#### SAFETY & STABILITY

SAFETY & STABILITY	OPERATOR COMFORT (ERGONOMICS)
OSS (Operator Sensing System)	Easy-to-read instrument panel
Easy Entry Grab Bar	Overhead guard
Large entry step with anti-slip pattern	Adjustable steering column
Electronic Parking Brake	Grammer suspension seat
Front LED Lights	Steering wheel knob
Cornering speed control	USB port
Emergency switch	Fingertip console
Backup alarm	Mini finger axis
Amber strobe lights	Modular cabin type B/C/D
Seat Belt Interlock	Rear grab bar with horn
Extra front LED lights	Grammer, air suspension seat
Rear view camera with flat color display	Heater
Safety light Front and/or Rear	Heater & air conditioner (HVAC)
Panoramic and/or side mirrors	Audio (DAB type Radio, MP3 )

#### PRODUCTIVITY

Excellent visibility through mast	
Smooth and responsive acceleration	
Weight scale	
Double pedal with brake in the center	
Auto tilt leveling	
	Smooth and responsive acceleration Weight scale Double pedal with brake in the center

Standard features Optional extras

#### RELIABILITY

Full AC system chassis	
IP65 Rated controller	
Robust frame structure & strong structure overhead guard	
Oil-cooled disc brakes (ODB)	
Under protection	
Oil cooling exchange
