Doosan Forks

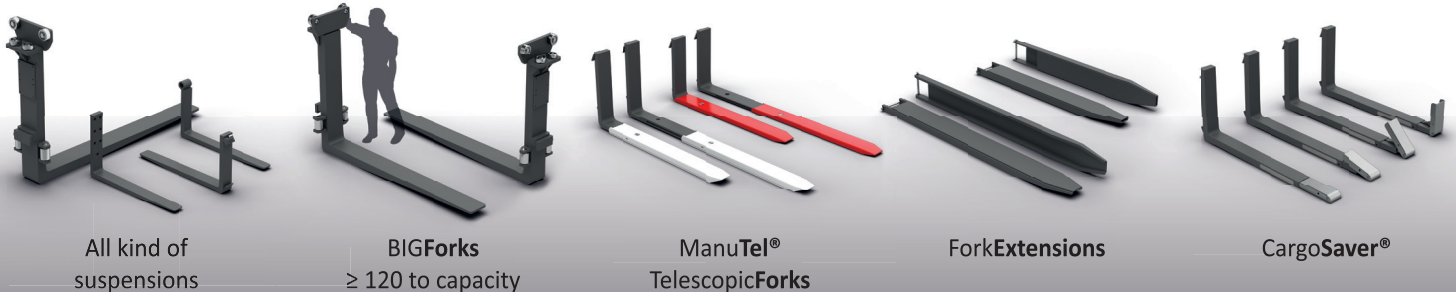

Doosan Industrial Vehicle Europe offers forks with a full range of possibilities to meet your customers' demand in every application. Standard or customized, small or large, short or long, bulk volume or a pair of forks, our partner Vetter has the expertise to offer the right solution for nearly any application. Vetter meets Doosan standards to provide genuine high-Level A forks for your Doosan truck fleet.

Doosan Forks

- The most comprehensive product range with more than 30 000 living articles
- Capacity range from 1 to 120 tons a pair and beyond
- Quality without compromise—Doosan OEM approved
- Unique quality features as the **OptimaForkHeel**, well proven locking lever, tip alignment, lateral pressing and much more
- All international standards (ISO 2328, ISO 2330, ANSI ITSDF B.56.1, ISO 9001, ISO 14001, welding certification ISO 3834-2) are fulfilled or exceeded
- Including the all-round carefree package: best logistics, high service level and competent advice
- Price advantages for bulk orders

Company VETTER

- Founded 1889, more than 50 years experience in fork production
- World-wide leading, No. 1 fork manufacturer in Europe
- Independent and focused on Quality**Forks**
- Strong quality department with most modern testing facilities
- High technical competence and best equipment in the R&D area

Fork production made in Germany

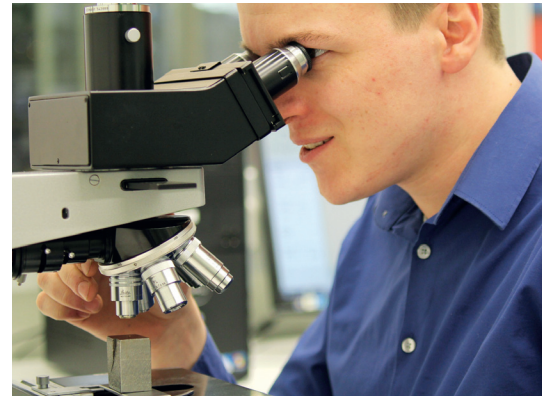

- One of the world's most modern and efficient fork production facilities
- Fully automated heat treatment with exact time and temperature control
- High vertical integration
- Highest **VETTER** manufacturing standards: Best material, top workmanship and welding quality, tight tolerances and smooth surfaces

The Steel Makes The Difference

Only high-quality special fork steel according to strictest VETTER steel demands and tested by external and internal material laboratories:

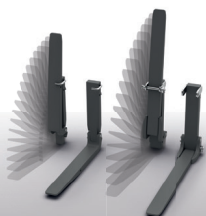

- Wear-resistant
- High yield strength
- High dynamical resilience
- Best welding characteristics
- Titan-stabilized
- Superior purity grade
- Optimized also for low temperatures

And for the most demanding applications, rely on our heavy duty steel VQ 1300

Choose quality - choose Doosan forks:

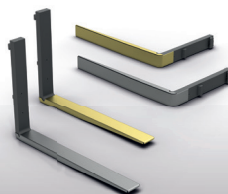

And profit by high safety, best efficiency, time and cost saving, with the best service.
